

The ultimate diaper bag for babies and families on the move!

Welcome to the new world of baby organization. Whether you're going out for coffee a play date in the park or all around town we've got you covered! Great for day to day use, over night or an extended stay!

EquiptBaby diaper bag product features:

- Insulated cooler pocket that holds bottles or snacks for the day
- Ample storage space for baby's needs, diapers, wipes, cloths and toys
- Outside pockets with magnetic snaps create easy access for car keys or wallet
- Expandable accordion side opening, when bag is hanging off door knob or chair, release strap buckles and all contents of bag are easy to grab
- Adjustable shoulder strap allow bag to be placed over stroller handle bars
- Solid base of bag creates the rear effect, when bending over contents of the bag stay in place.

Bassinet and insert pad features:

- Exterior of bassinet is made with SPF 50 material
- 1 handed set up – Bassinet pop up in less than 2 seconds
- Visibility panels all-around – Fine mesh insect screen windows
- Portable easy access
- Padded insert machine washable, dry flat
- All Bassinets come with closing instructions
